

Bottles & oil spouts

If anyone CAN - we CAN!

Bottles & oil spouts

Edible-oil bottles are designed specifically for edible oils and are varnished inside and outside as standard. Our in-house-developed pourer enables clean, easy and drip-free dosing.

The product features of bottles and oil spouts „made by Pirlo“ at a glance:

- Lightproof, break-proof
- Compatible with automated sealing machines
- Spouts in various colours available
- Customised printing possible

Spout version 2.0-V (keyhole)

- Especially suitable for filling volumes up to 500 ml

Spout version 2.0 (clover shaped)

- Especially suitable for filling volumes over 500 ml

Spout non refillable

- Refilling through the spout is not possible

Pre-threaded Pilferproof (PTP)

- Preformed closure cap
- Sealing using sealing pliers

Roll on Pilferproof (ROPP)

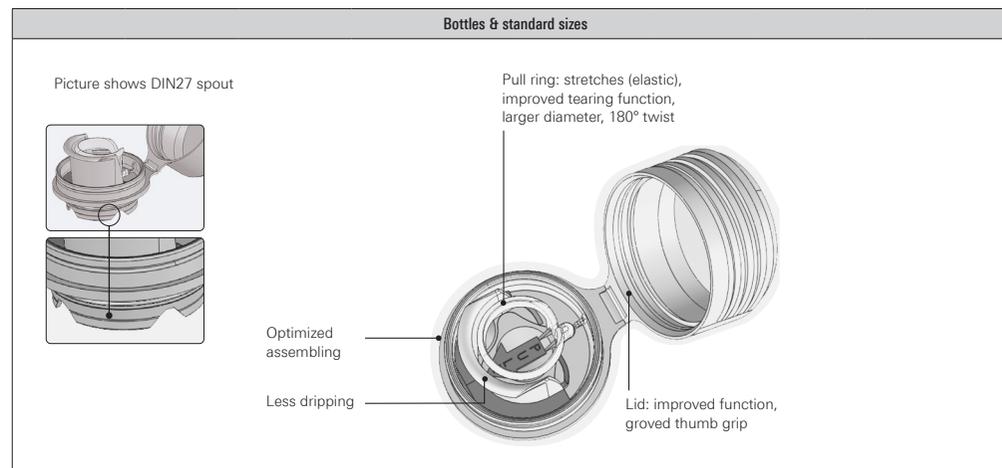

- Closure cap without thread
- Sealing using closure/roll head

If you have any questions about bottles and oil spouts our experts will be happy to help. Special can sizes are possible on request.

Unrestricted suitability for all filling goods cannot be guaranteed; this must be verified by the user through their own preliminary tests. The stated application groups serve solely as a legally based guideline.

Legend

- = Standard (samples available)
- ¹ = Also with BPA-NI varnish inside available, samples and minimum amounts on request
- = Special sizes, samples and minimum quantities on request
- = Stock items (grey) also in smaller quantities available
