

Asphalt repair and Bitumen

If anyone CAN - we CAN!

Metal packaging for asphalt repair and bitumen

The product features of pails, hobbocks and tear-open packaging „made by Pirlo“ at a glance:

Pails and Hobbocks

- Suitable for hot and cold filling as well as for all cold repair compounds
- Optionally with handle or side drop handles for easy handling
- High stability in construction traffic
- Granulate filling for repair compounds
- For bituminous primer with high density and bituminous filler compounds
- 100% recyclable

Tear-open packaging

- Suitable for hot filling
- Seamed laterally for easy tearing
- Simple press-in lid with snap-in function for easy opening
- No additional handles
- 100% recyclable

If you have any questions about pails, hobbocks and tear-open packaging our experts will be happy to help. Special can sizes are possible on request.
